Ann Stevens is no longer associated with this event going forward. I will run the food vendors, arts & craft fair, and now the flea market. The spaces available will still be (10x12') & cost \$10 with additional space at no extra charge, based on availability. The location will be in the same general area, with some changes, based on current rentals. One change will require either the filling out of a Mn ST19 form, including a Mn tax ID #, each year for our event(which is kept on file in my records for each year, but not sent to the state). The second choice is a Vendors without Tax ID # form. We got this form from an event in Grand Rapids, Mn, to be used by smaller operators, if they think they qualify. It asks 3 questions & requires a signature,date,phone #, address. This form would be kept in our file for each year, but not submitted to the state, unless they check compliance at our event. We need one of these 2 forms if you want to sell at our event. In the past 2 years, Ann used her Tax ID#, and took all the risks of non-compliance , this will no longer happen. As the IFBC gets bigger each year, our event will draw more attention from the Mn Revenue Dept. If you can't or won't comply, we wish you good fortune in your future selling elsewhere.

Gary Abrams - IFBC food vendors/ crafters/ flea mkt
